# Free A3 Wall Calendar Template

**GENERAL INFORMATION**

Thank you for downloading my A3 Wall Calendar Template, I hope enjoy using this free file!

The template is pretty simple to use, you just need to insert your own images, change the colours around and sort out the dates for that year.

**FONTS**

- Museo*                   http://new.myfonts.com/fonts/exljbris/museo/
- Museo Sans*          http://new.myfonts.com/fonts/exljbris/museo-sans/

* Some of the Museo fonts are not free, I have only used the free versions in this template (the free ones have $0.00 next to the file). You will need to add these files to your basket, create an account, and then download. A bit of a mess around, but the font is a great design and worth it.

**THANKS AGAIN**

I'd love to see any work you produce with my template. And don't forget to use the links at the top of this page to keep in touch and get regular item updates.
